

DESIGN BREAKDOWN POLICY

- We take an initial brief from you the client and from that we produce a 3d design.
- We then have a further meeting to discuss any changes that you may require.
- On the third meeting we hopefully have the design that will suit not just visually but your lifestyle.
- Once we have the design finalized we can then put together accurate costs.
- All the above stages of design are free of charge however if you require plans to be printed or emailed without paying a 10% deposit we charge £249+vat. This cost includes M&E elevations for electrical and plumbing requirements. If you choose to purchase our kitchen at a later stage we will refund the design fee.

I/we the client agree to the above terms and conditions.
